

THE SHESTER'S CURRICULUM

HISTORY

The Shester's is an Ibero-American duo (Brazil and Spain) formed by Manoela Wolfart and Rubén Burgos that was born in 2017.

They began working in circus/theater shows and street shows with which they won some awards in Europe. But they decided to give their art a little twist and focus on their acts with which they would later work in circuses and varietés. Because this is what truly motivates them.
